**AGENDA FOR THE REGULAR MEETING OF THE
LOS ANGELES CITY/COUNTY NATIVE AMERICAN INDIAN COMMISSION
TUESDAY, MAY 15, 2018 - 7:00 P.M.**

Working Action Items:

- 1) Work on statewide Native education legislation. Attached, please find a summary brief of Monique Limon's bill. Again, preliminary feedback from Indian Education experts in the field, this bill does not go far enough. We'd prefer to pass legislation that mandates versus encourages school districts to adopt Native Studies. See Montana and Washington as examples of states that have achieved this.

Additionally, the revised K-12 social studies curriculum has already excluded the mission project. We may want to contact the California Indian Education Association about whether there are other aspects of Indian Education on their legislative agenda.

- 2) Work on addressing housing and homelessness for Native peoples in the city of Los Angeles. One potential vehicle to do this is to research provisions of RFPs that include Tribes as potential contractors. We'd like to more fully discuss this issue and hear more about the possibilities for our community on this issue.
- 3) Advance the work of the Native Cultural Locations Motion. This includes the commission hosting a series of consultation forums in 2018, beginning with a Tribal Consultation forum that will be held in February, and a subsequent series of forums that will be held in March and April. Based on those sessions, the commission will create a list of recommended sites, including identifying tiers for prioritization and staging over the next several years.
- 4) Ensure Indigenous peoples are represented and centered in the 2028 Olympics.
- 5) Revise the contract between the city and county, to designate the city contribution is to be explicitly used for programming, and not staffing or overhead. Investigate whether there are any other changes that should be made.
- 6) Ensure Native American leaders are represented on city and county commissions, including the city's planning commission.
- 7) Foster relationships amongst the commission and state legislative leaders that can be supportive to our policy agenda.
- 8) Support the removal of the Columbus statue in Grand Park, including dialogue and documentation. Support the commissioning of a new permanent Indigenous artwork(s) in Grand Park.
