HR 6859: Gabrielino/Tongva Nation Recognition Act of 2023 Discussion

Public Comment was presented:

Josh Candelaria provided the following statement on behalf of the San Manuel Band of Mission Indians:

“The following comment is made on behalf of the San Manuel Band of Mission Indians. San Manuel’s long standing position is to neither support nor oppose efforts seeking federal recognition. However, San Manuel has insisted that federal recognition efforts follow the Federal Acknowledgment Process (FAP) as provided for within the Department of Interior. This ensures that the seven criteria set in regulations at 25 CFR Part 83 that are required of petitioners, are appropriately met before recognition is granted. Efforts to circumvent the FAP discredit the recognized regulatory process at DOI, which was set up to formally create government-to-government relationships between the United States and legitimate tribal governments.”

Chairperson Shawn Imitates Dog read a letter submitted by the Gabrieleno-Tongva Tribal Council (see attached.)

Kim Johnson provided virtual public comment and stated, “This is another reason why I am sad to see Cheri leave. I just want to make sure that you all know that this sets up issues with the County giving land to our conservancy. I am sad that Ron is gone, there are other people doing things differently.”

The LANAIC had a discussion responding to Chair Morales’ letter and whether or not it was within the purview within the LANAIC to take any further action. The discussion concluded with the body not taking further action at this time.

LOS ANGELES CITY/COUNTY NATIVE AMERICAN INDIAN COMMISSION UNAPPROVED MINUTES OF THE MEETING OF JANUARY 16, 2024

Chair's Report

2024 LANAIC Retreat Planning

Chairperson Shawn Imitates Dog stated that he would like to hold a retreat on a Saturday because there are different talents at the table and he would like to select 3-5 items that could be worked on for the next two years. Chairperson Imitates Dog stated that he would find the location and make sure everyone is fed and happy.

Commissioner Andrea Garcia stated that the LANAIC should revisit the purpose of this body because we just talked about legislative affairs and community programming is what everyone gets excited about. Chairperson Imitates Dog stated that there are standing events and that there are areas that that the LANAIC should refine.

Commissioner Ortega stated that he thinks that the State budget should be placed on the agenda for the retreat and that there are Federal and State resources that may be impacted and that the LANAIC should know where the coffers are so that the body could plan wisely.

Alexandra stated that she could send the budget projection for the County for the next two years.

Committee & Ad-hoc Committee Reports

Homelessness Committee

Commissioner Andrea Garcia stated that commissioners will be receiving an email next week and it would be helpful if the information is disseminated to the community.

Subject: Los Angeles Native American Indian Public Comment Regarding HR6859 and Local Tribes.

I am writing to you with the utmost respect and a sincere desire for your insight and support on an issue of great importance to the Native American communities in Los Angeles County.

I bring to your attention HR 6859, a legislative proposal advocating Federal Recognition of the Gabrieleno Tongva Nation, recently introduced by Congresswoman Sydney Kamlager-Dove. While I recognize the good intentions behind the initiative, I believe it is crucial to share some concerns about the potential impact on our indigenous communities. We are the San Gabriel Band of Mission Indians Gabrieleno/Tongva. Our lineage and community involvement run with deep roots in Los Angeles. We are the tribe that has been here since time immemorial. We are invested in the Native Community in Los Angeles. Here are just a few highlights of our connection and achievements through the decades.

- We were grant recipients for over 25 years providing food and utility assistance to the Native Community.
- Our Tribal Elders were called as the Most Likely Descendants of Encino and Puvungna in the 1980's.
- We maintain a relationship with the San Gabriel Mission, as most recently as November 2023.
- Our Tribal Members have held the longest Gabrieleno/Tongva participation and tenure on the Los Angeles Native American Indian Commission.
- We conducted the land welcoming at the State Convention Democratic National Convention in May 2023 and for Attorney General Rob Bonta at his Southern California Swearing in Ceremony in March 2023.
- We were on the platform with dignitaries for the LA Protect Public Lands with Wade Crowfoot and Senator Alex Padilla.
- We participated in the Los Angeles County Harms Report and we are included in the Los Angeles County Land Acknowledgement.
- We worked with Asm Chris Holden on the 210 Freeway rename: AB 776 to uplift the voices of Native Americans in our Community

San Gabriel Band of Mission Indians

Gabrieleno-Tongva

We are **NOT**

the Gabrieleno/Tongva Nation that is being represented in HR 6859. The Gabrieleno Tongva Nation, despite its name, is **not** an active part of the Native American community in Los Angeles. They claim a Los Angeles PO Box, their primary base is situated in Beaumont (Riverside, Ca). The Gabrieleno Tongva Nation appears to lack meaningful community involvement and historical ties within Los Angeles. Their focus on gaining visibility in Los Angeles appears to be primarily linked to their pursuit of Federal Recognition for the purpose of establishing a casino, rather than a genuine commitment to community welfare and engagement. This raises concerns about the sincerity of their intentions and their understanding of the broader responsibilities associated with being a part of the local Native American community.

Your voice holds significant weight and can contribute to fair and informed representation for all Native American communities in California.

We have partnered, participated and been an advocate of the Los Angeles Native American Commission for decades. Please let your voice be known to oppose HR 6859 and support the rightful tribe with historical presence and community involvement in Los Angeles since time immemorial. Thank you for your time and consideration. I am available for further discussion or to provide additional information on this matter.

Sincerely,

Chief Anthony Morales

County of Los Angeles Board of Supervisors
500 W Temple Street
Los Angeles, CA 90012

Dear Board of Supervisors,

I am writing to you on behalf of the Los Angeles City/County Native American Indian Commission (LANAIC) to bring to your attention a matter of great significance to the Native American community, specifically concerning the representation of the Cherokee Nation in the United States House of Representatives.

Before delving into the purpose of this letter, I would like to address recent concerns raised by the Cherokee Chairman regarding State Recognized Tribes. It is important to note that the Los Angeles City/County Native American Indian Commission stands in support of State Recognized Tribes, understanding the unique challenges they face. However, it is crucial to clarify that Los Angeles does not currently have any Federally Recognized Tribes, and our advocacy is focused on the broader Native American community.

Now turning to the primary reason for this communication, we urge the County of Los Angeles Board of Supervisors to support the seating of the Cherokee Nation's delegate to the United States House of Representatives, in accordance with the 1835 Treaty of New Echota. This historic treaty, signed between the Cherokee Nation and the United States, not only resulted in the forced removal of the Cherokee from their homelands, known as the "Trail of Tears," but it also guaranteed the tribe a delegate to Congress.

For nearly two centuries, the U.S. House of Representatives has failed to fulfill this promise. In 2019, Chief Hoskin Jr. nominated Kim Teehee as the Cherokee Nation delegate, reigniting efforts to hold Congress accountable for honoring its agreement. Thousands have voiced their support, leading to significant progress, including the recent congressional hearing by the U.S. House Rules committee in November 2022.

Importantly, the Treaty of New Echota carries no expiration date, and we believe it is time for the U.S. government to fulfill its commitment and legal obligation to guarantee the Cherokee Nation proper representation in

Congress. We respectfully request that the County of Los Angeles Board of Supervisors authorize advocacy and encourage Congress to move forward on this critical matter.

By supporting the seating of the Cherokee Nation's delegate, Los Angeles County will contribute to the ongoing efforts to rectify historical injustices and ensure fair and equitable representation for all Native American communities.

Thank you for your attention to this matter, and we look forward to the County's continued commitment to promoting justice and equality for all.

Sincerely,

Shawn Imitates Dog
LANAIC Chairperson
